

Dear Friends:

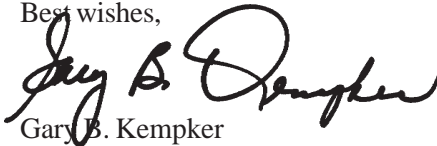

The Department of Corrections is proud to provide this resource guide to assist you in a civil, productive life.

The ***Community Resource Guide*** was designed to help you locate state and community-based programs and services. The programs listed complement the programs and services of the Missouri Department of Corrections.

The mission of the Missouri Department of Corrections is to keep the public safe. We do our best to help you obtain the skills necessary to be part of the community—keeping yourself, your family, your neighbors and your community safe and crime free. Now it is *your personal initiative* that will shape your future. Use these resources to help you succeed.

Best wishes,

A handwritten signature in black ink, appearing to read "Gary B. Kempker". The signature is fluid and cursive, with the first name "Gary" being the most prominent.

Gary B. Kempker

---

## How to use this Resource Guide...

The information in this Community Resource Guide may help you locate services you need. You will find agencies offering assistance for housing, food and clothing as well as job search assistance. Tips on using the guide follow.

1. Locate agencies closest to your current residence.
2. Make a list of your needs and seek help for the one that is most urgent. For example, if you have a place to live, your most urgent need may be to look for a job. Locate employment assistance agencies. Continue to find assistance to meet other needs.
3. Missouri has a network of One-Stop Centers called Missouri

Career Centers that offer many services at one site. For example, you may look for a job, study for the GED, and seek family financial assistance at the same location.

4. The United Way organization in some towns supports services that may help you.
5. Churches and religious organizations may also provide assistance in your community.

Once you have made contact with a One-Stop Center or a social service agency you may find that these groups can help you locate other resources. Keeping notes about the contacts you make will be helpful. Use the suggestions below to save time and frustration. Take time to say thanks to those who assist you. They will be happy to know when you are employed or have made progress toward your goals.

## How to ask a question and get results...

### An effective call:

- Have a paper and pencil ready when you make a call.
  - Be ready to give a brief but complete account of what you need—eliminate unrelated information.
  - Be ready to provide your full name and contact information such as how or where you can be reached or get messages.
  - If your inquiry involves an agency that uses an identifying case or file number (example: Social Security), have that number ready.
  - Be sure to record the name and title of persons you talk to and confirm their phone numbers in your notes since you may be transferred or routed through an electronic menu system.
  - Keep your notes together on all of your contacts to each agency so that you can supply information when you make follow-up calls.
- Space has been provided in this Resource Guide for making notes.***

*These tips apply to effective letters as well.*

## Missouri's One-Stop Career Center System

The primary purpose of the One-Stop Career Center System is to provide multiple services from many agencies at the same location to better serve job seekers and employers. The partners work together to determine customer needs and to provide a range of customer services that may include:

- Labor market information
- Job search assistance
- Computer bank of job openings
- Career exploration activities
- Training opportunities
- Register for unemployment assistance.
